## Education

**Jalgaon, Maharashtra**

*Higher Secondary Education*

**Jun. 2020 – May 2021**

*Jalgaon, Maharashtra*

**Jalgaon, Maharashtra**

*Bachelor of Computer Application*

**Jul. 2021 – Jun 2024**

*Jalgaon, Maharashtra*

## Experience

**Oasis Infobyte - Virtual Internship**

**DEC 2022 – Jan 2024**

*Web Development and Design Intern*

*Maharashtra*

- \* Developed a Portfolio Website showcasing personal projects and skills, utilizing HTML for structure, CSS for styling, and JavaScript for interactive elements.
- \* Designed and implemented a Landing Page for a hypothetical product or service, focusing on responsive design and user experience.
- \* Collaborated on web development projects, applying best practices in front-end development and design principles.
- \* Utilized version control systems (e.g., Git) to manage code and streamline development processes.

**The Sparks Foundation - Virtual Internship**

**Jan 2023**

*Web Development Intern*

*Maharashtra*

- \* Engineered a Banking Management System using HTML, CSS, and JavaScript, ensuring robust functionality and an intuitive user experience.
- \* Executed multiple web development projects with a focus on optimizing user interface (UI) and enhancing user experience (UX) across various devices.
- \* Strengthened front-end development skills by implementing responsive design techniques and ensuring cross-browser compatibility.
- \* Independently gathered project requirements, developed project plans, and ensured the on-time delivery of high-quality web applications.

## Projects

**DailyDraft - A Blog Application** | *React, Appwrite, Tailwind, Git*

**July 2024**

- \* Designed and developed "DailyDraft," a robust full-stack blog application using Appwrite, React, and Tailwind CSS.
- \* Integrated a feature-rich text editor to empower users with intuitive content creation and editing capabilities.
- \* Implemented secure user authentication and authorization mechanisms, ensuring protected access to the blog's functionalities.
- \* Utilized Git for version control to manage project iterations, track changes, and collaborate effectively with team members.

**Expense Management System** | *MERN Stack with Version Control System - Git*

**January 2024**

- \* Developed a robust Expense Management System using the MERN (MongoDB, Express.js, React, Node.js) stack, enabling efficient tracking and management of expenses.
- \* Implemented comprehensive CRUD (Create, Read, Update, Delete) functionalities to facilitate seamless data manipulation and user interaction.
- \* Utilized Git for version control to manage project iterations, ensuring accurate tracking of changes and collaboration with team members.

## Technical Skills

**Front-End Development:** React, Javascript, Tailwind, HTML/CSS, Redux Toolkit-(state management)

**Back-End Development:** Node, Express

**Developer Tools:** VS Code, Sublime Text

**Version Control Systems:** Git, GitHub

## Certifications

**Web Development - Internshala**

**Jan 2024**

- \* Completed a comprehensive web development course through Internshala, gaining proficiency in HTML, CSS, JavaScript, and front-end frameworks.

**CSS - HackerRank**

**Jun 2024**

- \* Earned a CSS certification from HackerRank, demonstrating proficiency in styling and layout techniques for web development.
